

## Creation of a **collaborative** website designed by and for the PhD students of the DS EGAAL

- More casual way to help new PhD students to understand what is expected from them, and how to achieve it
- Share experiences on training, seminars etc.
- Give tips about the application of diverse grants
- Help each other and communicate

[Alpha version of the website](#)

Doctorantsedegaal.wixsite.com

# We need you !

Need to create an official PhD student association to run the website among other things

Ideally PhD students from all disciplines (Ecology, Geosciences, Alimentation, Agronomy) and all geographical locations
